THE CHURCHILL AWARD FOR OUTSTANDING EXPLORATION

DEADLINE SUBMISSION: MARCH 23 ANNUALLY

This award recognizes outstanding exploration activities by CCI students who were supported by the Dan & Betty Churchill Exploration Fund. All students who have carried out research with Churchill funds will present an overview of their research activities at the Borns Symposium and must submit an application form for the award competition. Presentations will be judged on the following criteria: quality of communication, quality, impact and originality of the research. Application forms available from: http://www.climatechange.umaine.edu

CLIMATE CHANGE INSTITUTE
THE CHURCHILL AWARD FOR OUTSTANDING EXPLORATION

SUBMISSION GUIDELINES

The Climate Change Institute (CCI) accepts nominations for THE CHURCHILL AWARD FOR OUTSTANDING EXPLORATION annually. This award is open to CCI students who have received funding from the Dan & Betty Churchill Exploration Fund. Nominees will be expected to present an overview of their research activities supported by the Churchill Exploration Fund at the Borns Symposium for review by the Churchill Award Committee.

Presentations will be judged on the following criteria:

1) Quality of Communication (is the talk clear and accessible to an education non-specialist public?).
2) Quality, Impact and Originality of the Research

Awardee will receive a framed certificate and an invitation to dine with the members of the CCI Churchill Committee. Award will be presented at the annual Borns Symposium.

Eligibility: Any student who has carried out field research with support from a Churchill Exploration Grant and wishes to have her/his presentation considered for the Churchill Award.

If you wish to be considered for the Churchill Award, please fill out the information below and submit this form with a copy of your upcoming Borns abstract to Dan Sandweiss (Dan_Sandweiss@umit.maine.edu) by March 23 annually.
